this is your year . . .

You walk away from the Coliseum and the opening assembly in a sort of puzzled wonder—Can there be that many new students just entering like myself?

Walking down the Mall path to the Armory, you take in the geometrically planned campus, a conglomeration of new buildings and historical ones, landscaped into postcard perfection. The campus eye-appeal has attracted you. But it is the teeming life of the "little metropolis" that will complete the chain that ties you to it.

First there is the social season, beginning with sorority rushing and followed later in the semester by fraternity rushing. Teas, parties, smokers and pledging make the world go round. Besides Greek flngs are a vast assortment of Orientation week activities for you. From the placement test, where you wonder if you can skip English I, to the Freshman Mixer at the end of the week, where the typical freshman couple is picked, the spotlight is on the frosh.

The football season—crash, bang, fizz, whamm!—pep rallies, torchlight parades, car caravans to greet the returning Terps at National Airport, and that weekend of weekends, Homecoming, when the Greeks compete for decorations and floats, old grads take

Testudo, a Maryland tradition, the often kidnapped symbol of Terp Town, now rests on a permanent base in front of the Byrd Stadium field house.

over the campus, and you escort that special girl to the game and the dance.

With the change in seasons, a thick white snow will usually cover the green just as the Chapel Chimes sound Christmas Carols between classes. The Yuletide Pageant in the Chapel, the lighting of the outdoor tree, the Greek Christmas formals, and that long, long holiday . . .

All the while things are buzzing in the Central Auditorium. University Theater has given two productions already and perhaps one in-the-round besides. The Kappa Alpha minstrel and the Modern Dance Concert fill other nights.

As the last hours of the morning are spent

before the last final exam in January, thoughts begin turning to a quick escape from College Park between semesters. Then—What —registration again?

Spring semester brings with it the class proms, the Frosh prom for you, the Interfraternity Sing, and Spring Week. This comparatively new innovation is devoted to a week of entertainment just before June exams. A sample of regular events—the Turtle Derby; the annual musical revue, "Interlude"; May Day and Mortar Board tapping of junior women.

We're ahead of the times. It is almost impossible to forget the hectic spring elections for Student Government, the Women-Pay-All Dance, the Sadie Hawkins Race, the No-Shave Week, and Ag Weekend.

Many things more will be left for you to discover alone, most significant—the sense of accomplishment after the long, toilsome study period during and well after lecture halls and labs have passed on, the joy in meeting and working with others, and the warmth of college friendships.

In simplest language, all we old upperclass men can tell you is—make the most of it here in "Terp Town!"

Dr. Wilson H. Elkins, a Phi Beta Kappa and three letter man, was born in Medina, Texas, in 1908. He attended the University of Texas where he received B.A. and M.A. degrees. In 1933 he was awarded a Rhodes Scholarship to Oxford University where he attained Bachelor of Literature and Doctor of Philosophy degrees in 1936. In 1938 he became president of San Angelo Junior College and in 1949 he went to Texas Western to hold the same position. He was inaugurated as president of the University of Maryland on October 29, 1954.

from the president . . .

Each year we lose a number of students through graduation and we welcome a larger number of freshmen who begin their pursuit of higher education. A very large percentage of the newcomers have average ability or above but, unfortunately, a much smaller percentage graduate. The loss is too high, although some of it is quite natural.

Too many students come to the University without seriousness of purpose, and they fail to apply their abilities. Most failures are due to lack of application and not to deficiencies.

I urge you to consider the benefits you will derive from the completion of a college course of study. It affords you an opportunity for advancement. It is clearly in your interest to do your best. Good luck all of the way.

Wilson H. Elkins
President

history

Symbolic of the University's ever continuing growth are construction scenes such as this one on the new Student Activities Building.

The University of Maryland dates back to 1807, when the first school of the University, the College of Medicine, was founded in Baltimore. In more than 140 years since its founding, the University has expanded, both physically and scholastically, until it now occupies a position as one of the leading universities in the country.

After the College of Medicine was founded,

there followed within a few years the establishment of several other professional schools. The School of Law was added in 1823, the School of Dentistry in 1882, the School of Nursing in 1889, and in 1904, the Maryland College of Pharmacy.

At College Park, in 1856, the Maryland State College, the first agricultural college in the United States, was established under the name of the Maryland Agricultural College.

In 1862, this college became, in part, a state institution with the passage of the Land Grant Act by Congress. It was one of the first schools to benefit from this act and the subsequent federal aids to education.

In 1920, the professional schools of the University of Baltimore and the Maryland State College in College Park were merged to form what is now known as the University of Maryland.

maryland today

The University of Maryland is not limited by the College Park and Baltimore boundaries—it stretches overseas to virtually every part of the western world through the College of Special and Continuation Studies founded in 1949. The CSCS program is not a correspondence course; it consists of classroom courses taught by instructors who must be approved

by the dean of their respective college in College Park.

Although much of the overseas program is directed at military personnel, there is a Munich Day-time program for the sons and daughters of U. S. government, military, and civilian personnel in Germany.

In typical American classrooms, they earn credit at a fully accredited American college established overseas under the supervision of the dean of CSCS. The Munich students publish their own newspaper, *The Continental Collegiate;* their yearbook is not the just plain *Terrapin,* but the *Bavarian Terrapin.*

CSCS also maintains a vast educational program in the State and surrounding area bringing the University to the four million square mile mark with over 150 sites.

the university seal

Maryland's Great Seal, the oldest of the state seals, was sent to the province of Maryland in 1648 by Lord Baltimore. More than 300 years old, the seal is the only state seal of strictly heraldic character.

The escutcheon bears the Calvert and Crosslands arms quartered. The first and fourth

quarters are the Calvert Arms. The second and third quarters are from the Crossland, Baltimore's maternal arms. An earl's coronet and full-faced helmet are surmounted on the quarterings. These indicate Lord Baltimore's rank in America. The Calvert crest rests on the helmet.

The escutcheon is supported on one side by the figure of a farmer and on the other by that of a fisherman—symbols of each of Lord Baltimore's estates, Maryland and Avalon. Below the figures is the scroll bearing the Calvert motto: "Fatti Maschii Parole Famine," which means "Deeds are Males; words, females." On a border encircling the seal is the legend: University of Maryland . . . 1807 . . . 1856 . . . 1920.

from the dean of women

It gives me a great deal of pleasure to welcome all new and returning students to the University for the year 1955-56.

We hope you will like our campus, enjoy its beauty and respect our traditions. You will find Maryland a friendly place and you will form lifelong friendships here. Let me urge those of you who are fortunate enough to have both the privilege and the responsibility of a college education to make the most of it.

The door of my office and the doors of my assistants are always open to you. We want to know you and we want you to know us, so stop by and get acquainted.

Adele Hagner Stamp

Welcome to the members of the Class of 1959 and other new students. I am indeed happy that you have decided to join our fine student body and will study under our excellent faculty.

Feel free to ask questions of anyone on the campus as you will find the faculty, the administration, the staff, and upperclassmen willing to assist you.

Stop by my office at any time for a social visit or discussion of a problem.

sga activities

It will soon become customary for you to pick up the lastest copy of the *Diamondback*, campus tri-weekly, and read of the latest controversy, proposal, debate, decision, or what have you, involving the Student Government Association. For this is an active group, dedicated to satisfying the needs of students and regulating principles and policies. The SGA is divided into three parts:

Executive Council: The council is the policy-making group. Duties include appropriation of funds from the student activity fee, paid at registration, for dances, University Theater, athletic events, publications, and other open student activities. A meeting is held every two weeks on Tuesday night in the Student Union Bull Room. All students are invited to attend.

Men's League: The league is responsible for enforcement of campus regulations concerning men students. Duties cover men's dorms.

Associated Women Students: The AWS handles much the same job as Men's League for women students at the University.

will be held several weeks before the Spring Elections. All candidates must have a 2.0 academic average.

Frosh elections are held in October. All freshmen who secure petitions from the SGA office and have the required number of freshman signatures prior to the deadline may run for office.

committees

The Executive Council determines chairmanships, which are open to all students who submit applications to the SGA office stating their qualifications. Sub-committee chairmanships and committee members are chosen by the chairman on the basis of experience.

Committees under SGA are Ways and Means, Elections, Organization and Procedure, Student Welfare, Social Affairs, Campus Improvement, Student Activities, Constitution, Campus Chest, Freshman Orientation, Homecoming, Dad's Day, Student Union, Cultural Program, Public Relations, Traffic Appeals, Job Placement, and Who's Who.

As a new student, you may be appointed to any committee by submitting an application to the SGA office during the first two weeks of school. Application should include qualifications and experience, campus or home address, telephone.

Class prom chairmships are announced in

the *Diamondback* as to dates of application. Applications may be made in the fall for Dad's Day and Homecoming, two big football weekends.

Campus Chest conducts a consolidated drive for charities every spring on the College Park campus. Campus Chest Week, the Sophomore Carnival, and the Ugliest Man on Campus Contest are all fund-raising projects in the spring. Applicants may join different phases of the drive.

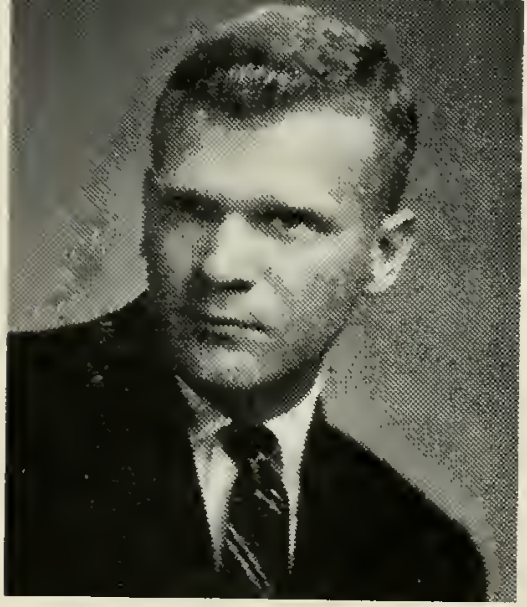
from the sga president



Welcome to the campus of the University of Maryland! This is your university, and the Student Government Association hopes that you will become an integral part of it just as it will, in the chaotic days of Freshman Orientation, become a part of you.

In welcoming you to the University I would like to emphasize that just as this is your university so are we of the executive council *your student government.*

The University of Maryland is old in years and traditions but in its ideas and continuing growth it retains a feeling of dynamic youth. In the coming year there will be new plans to discuss and new problems to solve.

I hope that this letter will serve as an open bid to the members of the class of 1959 to attend our meetings, give us your suggestions, and visit our offices in the Student Union building whenever you have the opportunity.

AWS is the campus governing body for women students, which formulates and administers the standards of conduct and campus rules and is responsible for maintaining personal and group standards of behavior.

Daydodgers are just as much a part of AWS as on-campus students. Any women interested in working on AWS committees can sign up at registration or at the AWS office any afternoon in the Student Union Building.

The Executive Council coordinates the activities of its subdivisions: the Residence Council, composed of dormitory and sorority house presidents; the Judicial Board, governing board for campus women's regulations; and the Academic Board, responsible for encouraging high standards and stimulating intellectual activity.

Men's League, the representative body for male students, is divided into two sections, the Executive Council and the Dormitory Council. The League assists the Dean of Men's Office in administering University rules and regulations.

The Executive Council is composed of the League officers and elected representatives of each class, Interfraternity Council, Independent Students' Association, and Alpha Phi Omega, service fraternity.

The Dormitory Council is the disciplinary board for offenses against dorm regulations, encourages dorm activity, and maintains healthful standards of living in dromitories.

Dorm proctors are chosen from upperclassmen and assigned by the University for maintenance of order and discipline in the men's dormitories.

pi delta epsilon banquet

Pi Delta Epsilon, National Collegiate Journalism Honorary, highlights its year with the annual Publications Banquet. Following initiation ceremonies for spring tappees, the banquet features a presentation of awards to outstanding persons in the field of publications at the University.

The E. A. Coblentz Memorial Cup, given in honor of a former *Diamondback* business manager killed in Korea, is presented to the freshman who has done outstanding work during his first year in publications.

The senior who has contributed the most to publications during his four years is awarded the William H. Hottel award, which honors a former publications advisor.

National Pi Delta Epsilon medals of merit are awarded to the outstanding man and woman in journalism at the University.

During the banquet the editor of each publication recognizes members of his staff who have rendered outstanding service during the year. Those chosen are awarded certificates and keys.

Entertainment for the affair is provided by skits produced by the staffs of each publication.

The *Terrapin*, student yearbook, issued in the middle of May, provides a pictorial review of the social, academic, sporting, religious, and political events that have taken place in our campus community.

Staff membership is open to all students, and meetings are held each Wednesday at 7 p.m. in the Terrapin office in the Journalism Building. Typists, feature writers, and those interested in office management are needed and should apply to the editor.

publications distribution

The *Diamondback* and *Old Line* are available in the Student Union Building lobby, Dining Hall, and in some centrally located classroom buildings. The *Terrapin* is distributed individually during May. The *M-Book* is given to all incoming freshmen at registration.

gymkana

President .....Richard Heintz
Vice-President .....Dick Haberstroh
Secretary .....Marjorie Jones
Treasurer .....Steck Brink
Historian .....Stapler Shields
Faculty Advisor .....Mr. Paul Simmers

For the tumble of a lifetime join Gymkana! Utilizing tumbling, gymnastics, and other forms of exhibition activities, Gymkana is organized into a show troup which has traveled as far as the Azores and Iceland to bring the University of Maryland spirit to men in the military service.

The group practices regularly on Wednesday nights in the old gymnasium. Students interested in Gymkana activities may sign up during registration or attend rehearsals.

During the school year the group performs at local high schools on Friday evenings and highlights its year with the annual Home Show on campus. The best trouper awards are presented at this time. For this coming year a trip to Bermuda is on the agenda.

dance group

President .....Joy Cosgrove
Vice President .....Pat Lazenby
Secretary-Treasurer
Rheda Greenberg
Faculty Advisor
Miss Dorothy Madden

The dance group is open to all students regardless of previous training because it has the twofold purpose of introducing dance to the campus and giving students an opportunity to learn its techniques.

The annual spring concert tops the list of group activities. As a basis for dance composition in past concerts the men in the group have used John Steinbeck's "Of Mice and Men" while the group has utilized James Thurber's "The Last Flower" and Dante's "Inferno."

Throughout the year members of the demonstration group give dance demonstrations at area high schools. Members of the group participate in the annual May Day pageant and in the Clef and Key—UT musical.

Meetings are held on Tuesday evenings—the beginning group at 6 p.m. and the advanced at 7:15 p.m. Tryouts are held for those desiring membership in the advanced group.

university theater

President .....David B. Singleton
Vice-President.....Rhea B. Mermelstein
Secretary .....Laurie Sollish
Faculty Advisors—
Rudolph Pugliese, Thomas Starcher,
Bernard Works, Lyle V. Mayer,
and Grover C. Niemeyer

The requirements for membership in this cam-

pus thespian society is a minimum of work on three campus shows on stage or behind the scenes. Group members must work on at least one show a year.

At least four major productions are held annually in the Central Auditorium in the basement of the Education Building, in addition to several centrally-staged productions in the Speech Building (Woods Hall). Last year, productions included "Volpone," "Pygmalion," and "Summer and Smoke" by Tennessee Williams.

As its final splash, UT combines with Clef and Key to present the annual spring musical comedy which last spring was "Finian's Rainbow." Past productions have been "Good News," "A Connecticut Yankee" and "Anything Goes."

The *Diamondback* prints advance notices of tryouts and ticket sales. Students interested in working backstage with group may sign up at the Speech Department bulletin board.

wmuc

Station Manager .....Edward Wright
Director of Business.....Jim Toland
Director of Broadcasting—
Gershon Kekst
Chief Engineer.....Ralph Rushworth
Chief Announcer .....Jerry Huley

WMUC is the campus answer to students interested in all phases of radio work—script

writing, announcing, engineering, business, and research.

The Radio Board, consisting of members of the faculty appointed by the president, appoints students to managerial positions.

Besides entertaining the student body with complete campus coverage of all events, WMUC was host at the Intercollegiate Broadcasting System convention last April.

WMUC is planning for the coming year the first collegiate full-time network in this section and a "Yearbook in Sound" in which WMUC will tape all important campus activities, edit them and make a long playing record available to the student body.

chapel choir

President .....Dick Andersen
Vice-President .....Danny Johnson
Secretary .....Becky Sparkman
Treasurer .....Tom Cahoon

Throughout the school year this group sings at least once for every major denominational group on campus. At Christmas the choir traditionally performs Handel's *Messiah.*

During the last school year the choir served as hosts for high school choruses from all over the state participating in choral day at the University, presented Mahler's *Second Symphony* with the National Symphony Orchestra, at Constitution Hall and sang for both Gov-

ernor McKeldin's and President Elkin's inauguration concerts.

Students interested in membership in the group should sign up during registration in the Armory or during rehearsals, which are held in the Chapel from 3 to 5 p.m. on Monday and Wednesday .

clef and key

President .....Mike Littleton
Vice-President .....Ken Zareswitz
Secretary .....Doris Johnson
Treasurer .....Jessie Cowan
Faculty Advisor.....Mr. Glen Carew

Clef and Key denotes music and acting. The foremost project of this group is the spring musical with University Theater, which last spring was "Finian's Rainbow."

The group also brings its singing, dancing, and acting talents to patients in Walter Reed and Bethesda Naval Hospitals.

Membership is open to students who attend three consecutive meetings of the organization which are held every other Tuesday in the Music Building. Tryouts for the musical are open to non-members.

men's glee club

President .....Ed Gantt
Vice-President .....Dick Anderson
Secretary .....Bob Lennox
Treasurer .....Ralph Quinn

Faculty Advisor—
Mr. Fague Springmann

School spirit was heightened during the football season as the voices of Men's Glee Club resounded through Byrd Stadium. The group set a new precedent by singing perennial favorites such as "Sons of Old Maryland" and the "Halls of Ivy" during football half times.

During the year the glee club performed with the National Symphony Orchestra, presented a campus concert, and sang for Memorial Day Services at Arlington National Cemetery.

Men interested in membership should sign up during registration in the Armory or attend the 5 p.m. Tuesday and Thursday rehearsals on the second floor of the Armory.

red and white band

President .....Tom Shipley
Vice-President .....Fred Froehlich
Sec'y.-Treas. .....Roland Swanson
Faculty Advisor—
Capt. Robert Landers

The Red and White Band and its accompanying majorette corp bring color and school spirit to pep rallies, sports events, and parades. It convenes in concert form for May Day and a spring concert.

Rehearsals are held twice a week in the Armory Band Room and on campus to practice music and precision drills. Students inter-

ested in band or majorette membership should register with this group in the Armory during registration.

orchestra

President .....Nancy Eliot
Vice-President .....Barbara Dickie
Sec'y.-Treas. .....Suzanne Hood

Students, faculty, and non-University people may join the Orchestra. Plans for the coming year include three concerts and participation in the UT-Clef and Key musical.

Rehearsals will be held from 6:30 to 8 p.m. on a day and at a place to be announced.

women's chorus

President .....Anna Mae Jacquette
Vice-President .....Becky Sparkman
Secretary .....Pat Colton
Treasurer .....Betty Spangler
Faculty Advisor—
Mr. Fague Springmann

Chorus activities last year included a concert with the National Symphony Orchestra, a recital on Memorial Day for President Eisenhower in conjunction with the Men's Glee Club, and a concert at the Naval Academy in Annapolis.

Women's Chorus is a regular one-credit course. Women should schedule it with their advisors.

panhellenic council

President .....Eleanor Salmon
Vice-President .....Allison Boykin
Secretary .....Shiela Bryden
Treasurer .....Judy Spencer
Faculty Advisor .....Dean Mary Handy

The purpose of the Panhellenic Council is to promote closer cooperation in inter-sorority relationships, to maintain high scholarship and social standards, and to formulate and uphold rules governing rushing, pledging, and initiation of sorority women. Each sorority is represented by one voting member. The Council annually sponsors the fall Pledge Dance, and last spring it held "Car Wash Day" to raise money for Campus Chest, and an Easter egg roll on the Mall for orphans.

junior council

This group, composed of pledge representatives of each sorority, aims to acquaint representatives with the function of the Panhellenic Council.

Eleanor Salmon

standard panhellenic rules

Rushing is held at the beginning of each semester. Second semester rushing will take place in February. Informal rushing follows the formal rushing periods and lasts up to a council-set deadline.

Any woman eligible for matriculation at the University and unaffiliated with any National Panhellenic Fraternity is eligible for rushing.

There is a silence period which extends from the beginning of formal rushing to pledging and applies to all sorority girls. During this period they may not converse with the rushees at any time other than at registered rush functions.

A pledgeship expires one calendar year from the date of pledging at which time the student is eligible to pledge another sorority. This rule is binding to any campus in which the student may matriculate.

Initiation of any pledge results from the completion of fifteen credit hours in the preceding semester at the University with at least a C average and no failures for that semester. These women must be students in good standing.

Faculty Advisor ...Dean Geary Eppley

The IFC, composed of representatives of the 24 national campus fraternities, strives to promote and maintain friendly and cooperative relations between the various fraternity groups.

The council sponsors the fraternity athletic program, the Interfraternity Ball, Greek Week, the Interfraternity Pledge Council, and the magazine, *Fraternity Way*, presents awards for participation in campus activities and scholastic achievement, and organizes and supervises the fraternity rushing program each semester.

Larry Brant

Fraternity rushing will formally open on September 29, with a meeting of the Council and all men interested in pledging a fraternity.

the pledge council

The Interfraternity Pledge Council is under the direct supervision of the IFC and is reorganized every semester with each new pledge class.

Two pledges from each fraternity meet twice a month to plan a pledge project that will be of service to the University or community, discuss their mutual problems, and receive information from their advisor that will help them to be better fraternity men and future fraternity leaders.

● isa

President .....Ralph Crosby
Officers to be elected in the fall.

The ISA is an affiliate of the National Independent Students' Association which co-ordinates over 80 ISA chapters in large universities throughout the country.

It is a low cost social organization designed to provide social activities for the indepedent students on campus, to interest them in campus activities, and to promote their general welfare.

Students can become ISA members by attending the weekly Monday night meetings or by applying for membership at registration.

The ISA participates in the University intramural program, sponsors the autumn Barn Dance, holds parties for its members, maintains a year round program featuring distinguished speakers, and produces the *Maryland Independent* the ISA'ers weekly newspaper.

● afrotc

the afrotc program

Every Tuesday and Thursday morning, from mid-October to December and again in late spring, the green fields on either side of the Armory are covered by a blanket of blue . . . Air Force Blue . . . and drill begins again for the second largest Air Force Reserve Officers' Training Corps in the United States.

Drill is supplemented by instruction in classrooms. Basic ROTC, or the first two years, is required for every male student on campus, unless he is exempt by previous military service. Should a student enter as an upperclassman, he must complete two years or take ROTC until graduation, whichever occurs first.

Third and fourth year programs may be elected after a careful screening, both mental and physical, by the governing board. Upon completion of the four year (basic plus advanced) training program, the student may either become a second lieutenant in the U. S. Air Force, the Air Force Reserve Corp, or the Air National Guard. ROTC is embodied within a separate headquarters in the basement of the Armory.

The Arnold Air Society is a military fraternal organization of elected membership whose purpose is to develop leadership in Air Force Officers and to create a more efficient relationship among the cadets.

Open to advanced cadets only, the group cooperates with the Air Force and the Civil Air Patrol to further promote missions of the two groups.

The national organization of the Arnold Air Society, composed of more than 160 units, moved its headquarters to the University for the coming year with University cadets holding the national offices.

The Angel Flight is a group of coeds selected by the squadrons, one for each, to sponsor them. The main duties of the group are to bolster the morale of the cadets, to serve as hostesses for visiting military dignitaries, and to sponsor in conjunction with the Arnold Air Society, the annual Air Force Ball.

The "Angels" can easily be identified at campus military ceremonies by their blue and gold caps and capes.

Topped off by a 74-13 rout of Missouri on Thanksgiving Day, Maryland finished off the '54 season with a record of seven wins, two losses, and one tie, while being ranked eighth nationally.

The Terps' only set-backs were at the hands of UCLA and Miami, both by a total of seven points. Wake Forest deadlocked the Liners 13-13 early in the season.

Co-Captains Dick Bielski and John Irvine provided the main scoring punch for the Marylanders who rolled up 280 points, while holding their opponents to only 67.

Bob Pellegrini, a guard last season, has been shifted to center to give the Terrapins more strength in the middle of the line. Pellegrini along with Bill Walker will be Maryland's two top All-American prospects.

Paul Kramer completes a pass during the UCLA game.

Doyle Royal

Coach

Maryland maintained their seven straight year record of winning all conference soccer games. This includes both the Atlantic Coast and Southern Conferences.

Under Coach Doyle Royal's direction the Terps compiled an overall record of five wins, three set-backs, and two ties. In conference play the booters picked up three wins and one tie on the way to the ACC crown.

Otto Winckelmann won the ACC individual scoring crown with 13 markers for the season.

Only four lettermen were lost due to graduation, while Coach Royal can look forward to 14 returning letter wearers.

Coach "Sully" Krouse's grapplers brought another ACC title back to College Park—this time, the conference wrestling crown. Maryland won the title on the strength of a 5-0 record in ACC matches. This was the fifth straight year that Maryland has won their conference championship.

In the individual tournament Roney Carroll, Mike Sandusky, and Danny Little captured their weight class titles. Little, who won all five of his ACC regular season bouts was named the "Outstanding Wrestler" of the tournament.

cross country

Jim Kehoe

Coach

The liners added another ACC crown to their growing list, as they captured the conference cross country meet held at College Park.

Jim Beatty of North Carolina set a new course record of 18:07.8 minutes, but it was not enough to beat the Terp harriers, who finished on top with 36 points. North Carolina was second with 26, while Duke captured the third position.

Burr Grim battled Beatty for the lead throughout the race, but Beatty pulled ahead near the finish to win by 20 yards.

Coach Jim Kehoe's harriers finished seventh in the NCAA cross country meet held at East Lansing Michigan, participating against the top cross country teams in the nation.

indoor track

Coach ----------Jim Kehoe

Defending champion, Maryland lost the indoor track title to North Carolina by one half point, 36-35½. It was sweet revenge for the Tar Heels who had previously lost the cross country title to Maryland.

The University's team participated in four other meets in addition to the ACC championships. Joe Hemler set a new record in the D.C. AAU meet when he was clocked in the time of 1:14.1 for the 600 yard run. In the relay events, Maryland captured the D.C. AAU mile relay, and broke records in both two and four mile relays in the VMI Winter Relays.

Carl Party won the two mile handicap race in 9:20.7 at the New York A.C. games in Madison Square Garden, to highlight a fine season over the banked boards.

outdoor track

Coach ..... Jim Kehoe

Burr Grim, the sensational sophomore, paved the way with four victories in the mile run on the cinders, as the Terps won four of the six meets in which they competed.

In addition to the dual meet and local championship victories in the mile, Grim set a meet record in the IC-4A Championships, running the mile distance in 4:09.9.

Maryland, defending ACC outdoor track champions, failed to hold that position as North Carolina knocked the Terps from the top by a scant margin of 1¼ points. In the previous year's championship meet the Terps turned back Carolina by just 1½ points.

basketball

Bud Millikan

Coach

Compiling a record of 19 wins and 6 losses, the hoopsters finished one of the finest seasons in years.

Bob Kessler, led the Terps to a successful defense of the All-American City Tournament, as the Liners dumped Cincinnati, 78-61. For his efforts Kessler was placed on the first five of the All-Tourney Team.

The Terps, who at one time were rated as high as sixth in the nation, pulled off one of the upsets of the year when they tripped North Carolina State 68-64.

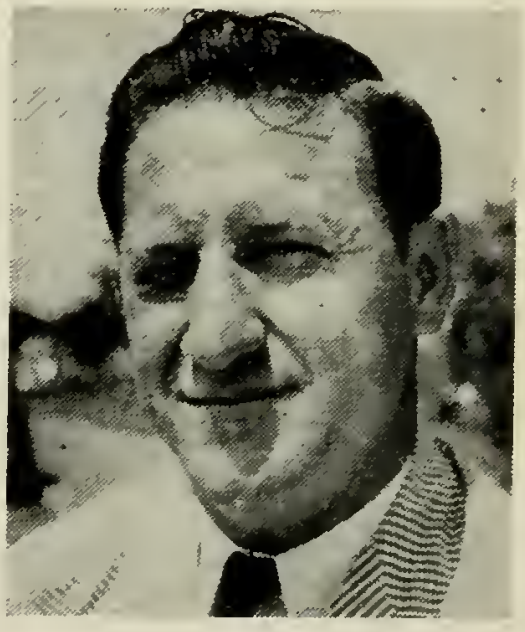
All games this year will be played in the New Student Activities Building with a seating capacity of 13,500.

Although winning only four of their thirteen matches, the linksmen look ahead to brighter days. This year Coach Frank Cronin can call on several returning veterans and a bumper crop of golfers up from the freshman team.

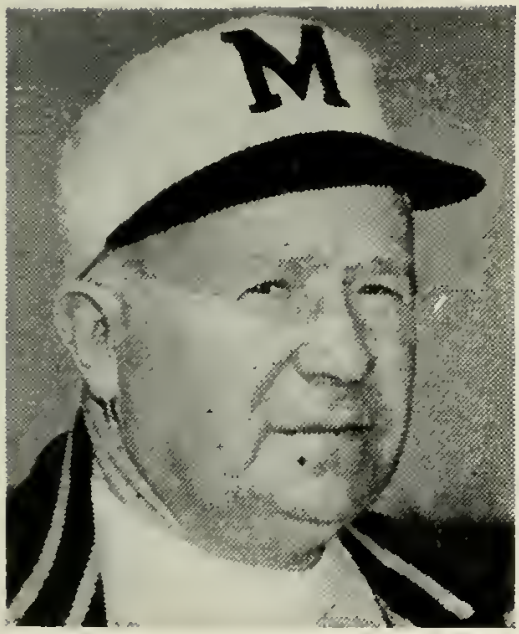
The Terps started and finished the season strong, but during the middle weeks they lost seven straight matches before putting together a victory.

Opening the season against South Carolina, the Terrapins drove out a 16½ to 10½ victory. The season's finale was even better for the Marylanders, as they drubbed Johns Hopkins 9 to 0.

golf



Frank Cronin
Coach



baseball

H. Burton Shipley
Coach

On the diamond, the Terps finished with a mediocre 8-10 record, but with the noticeable improvement of several of the younger players at the end of the season, the Liners could easily "go all the way" this season.

Coach Burton Shipley, who this spring completed his 33rd year at College Park, can look forward to the return of Bill Walker who led the team in batting with .349 mark; Charlie Pratt, .326; Bob Murray, .306; and Ralph Ward, .302. Catcher Phil Calder, used most in a pinch-hitting role, boasted a lofty .375 average.

In the pitching department, four fine hurlers will be back, along with two freshmen moundsmen. Russ Duffey, Bob Weiss, Stan Bobb, and Bob Carr are due to see a great deal of duty on the hill, as are George Gaffney and Don Henderson, up from the frosh team.

rifle

Coach ___M/Sgt. Harold Blume

Under the direction of coach M/Sgt. Harold Blume the Maryland marksmen compiled a record of 8 wins and 3 losses, while winning their section of the National Rifle Association Section Match.

Firing in the William Randolph Hearst Matches, the Terps managed to outshoot the other Air Force teams for the victory.

Linn Savage led the individual shooters for the year with an average of 284.10 out of a possible 300 per match.

tennis

Coach _____Doyle Royal

Highlighted by the brilliant play of sophomore Dave Freishtat, the netters stroked their way to eight wins, while only suffering four setbacks.

One of the Terps' most impressive wins came at the hands of Clemson, when the Marylanders took all six single matches, four of them straight sets. Against Johns Hopkins, the College Parkers put on a repeat performance, capturing every match, with eight of them in straight sets.

Jack Faber and Al Heagy
Co-Coaches

lacrosse

For the first time since 1940, Maryland won the National Lacrosse Championship, along with the first undefeated season in the school's history.

The championship was in doubt until Maryland rallied in the last period of the Navy game to defeat the defending champion 9-8.

Leading the Terps were All-American candidates Charles Wicker, Rennie Smith, John Simmons, Ben Goertemiller, Jim Keating, Dick Corrigan, and sophomore goalie Jim Kappler.

Only four lettermen were lost from last year's team, and the Terps should look forward to another great season.

freshman sports

Freshman teams are sponsored in almost every sport at Maryland. Playing a regular schedule of games, the Frosh contests attract almost as much attention as the Varsity games. Individuals wishing to try out for a freshman team should watch the *Diamondback* for announcements of tryouts.

intramurals

In addition to the intercollegiate athletic setup, a complete intramural program is carried on. Under the direction of Track Coach James Kehoe, the program is divided into two divisions— the open and fraternity leagues.

All undergraduate males are eligible for the open league, while play in the fraternity league is restricted to actives and pledges of the various fraternities.

Touch football, basketball, softball, wrestl-

ing, boxing, gymnastics, golf, tennis, horseshoes, track, cross-country, bait-casting, bowling, foul shooting, table tennis, badminton, volleyball, and weight lifting make up the 'mural schedule.

Additional information may be obtained by picking up an intramural handbook in the office located in the Armory, or by calling extension 470.

To promote and supervise physical, social, and recreational activities among Maryland University coeds is the purpose of WRA.

Throughout the year WRA sponsors various sport tournaments between the dorms and sororities. Cups are awarded to the victorious teams after the annual banquet at the close of the school year. Besides sports activities this organization sponsors other recreational activities which are planned at monthly meetings.

Miss Dorothy Deach
Women's Director

Each spring WRA awards the Participation Cup to the most deserving group, and for those women who fulfill special requirements, membership in Sigma Tau Epsilon, the Women's Physical Education Honorary, is the reward.

maryland spirit

It isn't very often that a Maryland student can lead an intelligent conversation after a football game in Byrd Stadium—he just hasn't got any voice to talk with.

Led by the cheerleaders at every home game, the Terp Town stands vibrate to a rousing crescendo throughout each play. Listen for the traditional chanting of the Victory Song and the counting of points after every Terrapin score. Be prepared to join in or it won't be long until you can't help but add your voice to the chant.

Students not only join cheering sections at games, but form car caravans to meet the team at National Airport on their return from away games, march in pre-game parades, and yell in pep and noise rallies as effigies of weekend opponents are burned in blazing bonfires.

Card sections, sponsored by the Student Activities Committee, will be featured this year during both the football and basketball seasons. The sections will be filled by farsighted rooters who arrive early at games wearing white sweaters, shirts or blouses.

The most effective way to back the team and the cheerleaders is to learn the school songs and cheers. It will be hard to forget them after your first home game!

SAC is the hub which moves the giant wheel of student activities on campus. At bi-monthly meetings representatives from the dorms, Greeks, and Independents, as well as any other interested students, plan pep rallies and "away" weekends. Syracuse University is the destination for this year's gala "away" weekend.

Aside from sports activities SAC is responsible for the increasingly popular Spring Week which features the Turtle Derby, Mad Hatters Parade, and a dance on the Mall.

cheerleaders

Captain .....Audrey Nicoloudis

"Go team—go!" Catchy cheers led by agile cheerleaders stimulate an eager crowd to urge its team to victory.

It looks so simple, but hours of hard work are behind the limber movements and precision timing of the cheerleaders. These spirited figures, in their red and white uniforms, are a familiar sight at pep rallies and all sports events. Tryouts, held in the fall, are open to all students who maintain a 2.0 average.

Here are just a few of Maryland's favorite songs and cheers.

sons of old maryland

Sons of old Maryland
Old Maryland needs you!
Stand by your colors, boys,
And to them e'er be true!
Fight for old Maryland,
Old Liners stand,
Defenders of the Black and Gold
Throughout the land!

terrapin drinking song

Music by Wilmer Orpwood, Jr., '43
Words by A. Manley Powell, '41

Drink to the Terrapin!
All bold hearted men.
We have no fear of hell,
Fore we're loyal sons and fellows,
Drink to the Terrapin
May God bless her sons!
When the toast is in the cup,
Bottoms up! Bottoms up!
To Maryland.

maryland! my maryland!

Thy sons and daughters throng they door,
  Maryland! My Maryland!
Their hearts and hopes they bring to thee,
  Maryland! My Maryland!
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore,
  Maryland University!

Go forth, brave youth, throughout the state:—
  Maryland! My Maryland!
And your actions show her great:
  Maryland! My Maryland!
Thy Alma Mater's name and fame,
Oh, keep alive her holy flame,
Until all hearts as one exclaim,
  Maryland! My Maryland!

Cheer, three times cheer, and one cheer more,
  For Maryland! dear Maryland!
Send forth that cry from hill to shore:—
  Maryland University!
Fair mother of our brightest dreams,
Blest giver of life's precious things
To thee each heart its service brings:—
  Maryland! My Maryland!

The "Victory Song," which is sung at all pep rallies, is printed on the back end sheet.

● general information

academic

All students are expected to attend classes regularly. Classes begin on the hour and last for 50 minutes. If a teacher fails to appear for his class, students must wait 20 minutes for a dean, 15 minutes for a doctor and 10 minutes for an instructor before leaving.

At the University, there is no unlimited cut system. Each instructor usually informs his class at the beginning of the course how he will handle cuts. After three unexcused absences, a student is reported to his dean and his parents are notified. Too many absences lower a grade and may eventually result in a complete course failure.

To drop a course, the student must do so before a set time each semester, as specified in the semester's schedule of classes. Permission from the student's dean and a small fee are required to drop a subject.

Students may drop a required course only at the discretion of the dean of the College.

The number of exams given during a semester is determined by the instructor. Usually, two or three one-hour exams plus a two-hour final are given in each course. If a student misses an exam, a makeup test may be taken upon permission of the instructor and payment of a one dollar fee to the registrar.

◄ *registration—just follow the crowd*
—Terrapin photo

activities fee

The activities fee, paid at registration, supports publications, dances, and other activities open to students.

athletic fee

The fee covers the cost of admission to all inter-collegiate sport events held on the College Park campus, and is represented by the Athletic book received at registration, which must be shown with ID card at all games.

board

All students living in dormitories are required to eat in the Dining Hall. Dining Hall cards are issued at registration. All other students must make their own arrangements. A cafeteria is located on the lower floor of the Dining Hall and in the Student Union Building, serving meals at reasonable rates. There are several eating establishments in the nearby College Park area, and several Greek-letter houses take in a few boarders.

Next to the famous Rossborough Inn on the boulevard is the University Dairy, serving ice cream and other dairy products every day except Sunday.

communications

Located in the basement of the Student Union Building is the campus Post Office. During

registration, each student is assigned a post office box, which he shares with one or more students. The post office handles regular mail and communications from the University and its organizations to the student.

Campus telephones may be used to make on-campus calls. Off-campus calls are made on pay phones located in the dormitories and other campus buildings.

Telegrams may be sent from the telephone exchange located in the east end of the Education Building basement. Incoming wires are either delivered or phoned to student residences on campus. The University phone number is WArfield 7-3800 and dorms may be requested from the operator.

"Will it go out today?"—a typical scene in the campus post office.

dress on campus

Dress on campus is, of course, at the discretion of the student, however, propriety should be observed.

Dress during school hours is informal, but neat. Definite restrictions on campus include the wearing of shorts or slacks on campus by coeds.

infirmary

The University Infirmary is located west of the Dining Hall. It is staffed by the University physician and nurses and provides routine medical service to all undergraduate students.

laundry

The University does not provide laundry service for the students. However, there are several laundry and dry cleaning concerns in College Park. Several dorms have coin-operated automatic washers and dryers. Students may also mail their laundry home at the usual postal rates.

library

The University library and the library annex are open from 7:30 a.m. until 10 p.m., Monday through Friday; 7:30 a.m. to 5:00 p.m. on Saturday; and from 3:00 p.m. until 10 p.m. on Sunday.

Reserve books may be taken out at 8:00 p.m.

on weekdays and returned at eight the next morning. Books taken from the loan desk may be taken for a 14-day period and may be renewed.

Overdue books from the loan desk receive a five cent per day fine, and overdue books taken from the reserve shelves are fined according to the number of minutes and/or hours late.

lost and found

Students may turn in or recover articles at the campus police station located at the North Gate.

parking and traffic

Automobile parking lot stickers are issued during registration to all students, members of the staff, and faculty. The stickers designate the lot which must be used by the registrant on campus. A list of traffic and parking regulations is issued to all auto registrants.

Anyone receiving a ticket on campus is privileged to appeal his case to the Traffic Appeals Board which meets once a month.

student activities building

Soon to be completed is the new Student Activities Building. This modern structure will be one of the largest of its kind, having a seating capacity exceeding 12,000.

It will be the site of all future University

basketball games. Also included in the building will be a men's swimming pool and specially equipped rooms for boxing, weight-lifting, etc.

student drectory

The Student Directory, a compilation of all student and faculty addresses plus campus departmental telephone extensions is sold at the Student Supply Store generally in late September.

student employment

Students interested in part-time employment should check in the placement office located on the first floor of the Administration Building.

student union building

Located on the northwest end of the campus is the Student Union Building. Among conveniences afforded students are the campus post office Student Supply Store, "Terp Inn" (the campus snack-bar), recreational facilities, meeting facilities, and offices of various student organizations.

ticket distribution

Tickets for musical and dramatic productions are handled by the University Theater box office located in the Education Building basement.

transportation

College Park is served by the Greybound bus line. Local bus companies connect the University with Washington and nearby suburban areas. Greyhound schedules and tickets are obtained in the Varsity Grill on the Boulevard.
